

## SENIORENGAGE VIRTUAL NETWORK TO EMPOWER THE INTEGRATION OF SENIORS INTO AN ACTIVE COMMUNITY IN THE POST RETIREMENT YEARS (2010-2012)

The main objective of SENIORENGAGE is to provide a tool with which seniors and new professionals may network with each other by using the latest Web 2.0 and social networking tools in a single online destination.

SENIORENGAGE platform is made up of two main modules with the aim to promote intergenerational education and cooperation. An E-learning tool will deliver a step-by-step course on the basics of use of the Internet and a Professional Self-Worth Network will allow senior professionals to continue their professions by mentoring younger generations through shared knowledge and expertise and they will continue to be involved in their professional field, contributing to their sense of self-worth.

### SENIORENGAGE PLATFORM

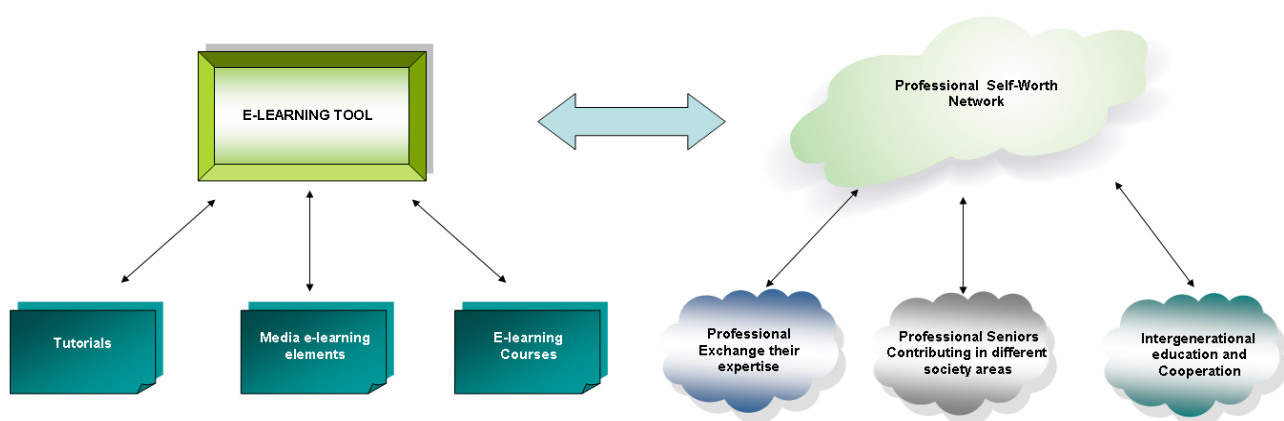

Figure 1. Two main modules of SENIORENGAGE platform.

| Participant organisation name                                   | Organisation type     | Country |
|---|-----------------------|---------|
| Coordinator<br>Centre de Recerca I Innovació de Catalunya, CRIC | SME                   | ES      |
| MFKK Feltalálói és Kutató Központ Szolgáltató KFT               | SME                   | HU      |
| Center for Usability Research and Engineering, CURE             | SME                   | AT      |
| JAMK University of Applied Sciences                             |                       | FI      |
| Microlink PC Ltd  | SME                   | UK      |
| Association of Care Giving Relatives of Jyväskylä Region        | End-user organisation | FI      |
